

# Be Fearless against crime in London

## Workshops

Our free workshops focus on the 'choices and consequences' surrounding crime and increasing awareness of Fearless.org, a service where young people can report crime 100% anonymously and access non-judgemental advice and guidance.

In order to increase the impact on young people, the sessions are fast-paced, emotive and engaging with a great use of audio and visual activities. Sessions are aimed at young people aged between 11-16 but we can adapt the workshops for both younger and older audiences. The content is flexible and can also be differentiated for your audience.

You can choose the focus of the workshop from a range of crime topics. Please let us know if there is anything specific you would like to be covered in the sessions.

For details on how to book your free workshop, see overleaf.

### Crime Topic:

- Knife Crime
- County Lines
- Drugs
- Gangs
- Child Sexual Exploitation

## The free sessions can be delivered in three different ways:

1. Lesson (45 - 60mins)
2. Assemblies
3. Bespoke Sessions

**Fearless.org** is the youth service of the charity Crimestoppers which aims to educate and empower young people in London to make informed decisions about crime and safety.

# Professional Sessions

We offer free professional sessions to those who regularly work with young people. We want to get as many professionals on board as possible so that we can reach every young person in London!

Sessions are interactive and debate is encouraged. They typically last 45mins -1.5hours and work best with a cohort of between 8-30 professionals.

**In light of the current COVID-19 situation, these sessions can now also be offered virtually via Zoom or MS Teams**

You will leave with a good knowledge of Crimestoppers and their youth service Fearless and what they provide for young people. You will also be able to confidently recommend the Fearless service to any young person who may need it. We also offer longer sessions focused on specific crime types. These sessions aim to raise awareness of these crime types amongst professionals and also showcase some of the content and activities used in workshops for young people.

Come and join the ranks of our previous attendees which include teachers, youth workers, police, school nurses, sport coaches and many more.

## Free Resources

Through [Fearless.org/professionals](http://Fearless.org/professionals) you can access a huge bank of **FREE** digital resources:

### Crime specific posters

A3 hard copies can also be ordered for free through the online form. These are ideal for a tutor or news boards.

### Educational lesson guides

These resources cover current crime issues and are packed full of interactive and engaging activities to use with young people. They have been specifically designed with teachers and are compatible with the national curriculum.

### Information and links

Find up to date information regarding crime and safety with links to other third party resources aimed at young people.
